**MultiLogger Suite Database Versions, Software Versions, Scripts**  
 Database Application Note #8 – Last Updated 2-11-2012

**Note: To run scripts it is assumed that the prior scripts have been run first, in other words scripts always update from the previous rev to the current rev. For example, to update to Rev 6 the GDB must have been at Rev 5 already.**

DB Rev	ML Suite Version	MLDBConsole Version	Insite Version	MLWeb Version	Description	Release Date	Applicable Script
1		1.0	1.0	NA	Initial Release.	11-1-2001	Rev1 MultiLogger.sql
2		2.0	2.0	NA	Added Current Data Table. Added Box_Top to Instrument Table. Added Box_Left to Instrument Table. Added Units to Data Element Table. Added Validation Procedures.	3-25-2002	Rev2 Miscellaneous.sql
